Re: Notice of Intent to Commence Small Mining Operations

Ms. Heppler,

Please find enclosed an NOI application for a small mine operation in Summit County, Utah. Also included you will find the required documents in hard copy and electronic copies. I have incorporated additional information in an effort to greater support the application. All of which are also included electronically.

I am currently working with Zions Bank in an effort to achieve a letter of credit to supply once final bonding has been determined. If any documentation will be required to support bonding before the NOI will start the review process please let me know.

In addition to the NOI submitted within I am also pursuing a Conditional Use Permit from Summit County. As a requirement for the planning department to process my CUP application they have requested a form of acknowledgment of the NOI from your division prior to proceeding with the CUP application. If it is at all possible could you please send confirmation of this NOI to the email address below?

Please review the attached documents and feel free to contact me anytime with questions or if additional information is needed. I can be reached by phone 435-640-3168 or email [rockportrocks@yahoo.com](mailto:rockportrocks@yahoo.com).

Sincerely,

Wesley Siddoway
